

# 11 other major disruptions this year

**Feb 23:** North-South Line between Yew Tee and Kranji

**Duration:** Four hours and 40 minutes

**Cause:** Track fault caused by a damaged third rail which supplies power to trains

**July 3:** North-South Line between Choa Chu Kang and Admiralty

**Duration:** Two hours

**Cause:** Track circuit fault

**Oct 26:** North-East Line

**Duration:** Two hours

**Cause:** A test train pulled a wire on the line's overhead power system during off-service hours, causing a power fault

**Sept 8:** North-East Line, (first delay between Sengkang and Punggol, and second delay between Hougang and Punggol)

**Duration:** More than two hours

**Cause:** Signalling glitches

**April 28:** Bukit Panjang LRT

**Duration:** One and a half hours

**Cause:** Dislodged current collector shoe. A train stalled between Phoenix and Bukit Panjang stations and an ensuing power trip affected trains throughout the system

**March 9:** Bukit Panjang LRT

**Duration:** Almost 24 hours

**Cause:** A fire at Senja station damaged the power tie-breakers that connect two sectors of the power rail

**July 7:** North-South and East-West Lines

**Duration:** About three hours

**Cause:** Electrical power trips at multiple locations in the network. Investigations narrowed the root cause to salt deposits on one of the third-rail insulators near a tunnel leak between the Tanjong Pagar and Raffles Place stations.
