

# Top countries in inclusive growth and development

The World Economic Forum's latest report measures countries' performance in areas such as home ownership and productive employment, compared with the traditional Global Competitive Index, which looks at indicators such as macroeconomic environment and market size.

Rank	Country	Global Competitive Index Rank	Rank	Country	Global Competitive Index Rank
1	Norway	11	6	Sweden	6
2	Luxembourg	20	7	Netherlands	4
3	Switzerland	1	8	Australia	22
4	Iceland	27	9	New Zealand	13
5	Denmark	12	10	Austria	19

The Inclusive Development Index measures countries' performances in seven areas and 15 sub-categories. Here's how Singapore fared in the 30 countries that make up the advanced economies of the world.
