

A nation of plastic

Singapore's plastic consumption

PET PLASTICS

1 to 3

PET bottles used per person/week

467m

PET bottles used in Singapore each year

= 10m PET bottles

Lined end to end, PET bottles collected in a day would stretch for 300km or **six times the length of Singapore.**

PLASTIC BAGS

2 to 4

Plastic bags taken from supermarkets per person/trip

820m

Supermarket plastic bags used in Singapore each year

This makes up the land area of **126 Gardens by the Bay**

PP PLASTICS

1 to 3

PP plastic disposables used per person/week

473m

PP plastics used in Singapore each year

10m pp plastic disposables

Equivalent to the land mass of **3 Sentosa islands**

NOTE: PET - Polyethylene terephthalate, PP - Polypropylene
